**RE: TE Industrial & Commercial Transportation Solutions Force Majeure Notice – Resin Supply**

To Whom It May Concern,

TE Connectivity and its affiliates (collectively "TE") have received Force Majeure notices from several resin suppliers (including Almaak, Ascend, BASF, DOMO, DuPont, Lanxess, LyondellBasell, Sabic and Solvay) with the potential for more to be added to the list. Please be assured that TE is exploring options to minimize the impact to your supply chain. Specifically, TE is (1) continuously working to learn our suppliers' resulting allocation decisions and determine how those allocation decisions are going to impact our production; and (2) where possible, actively testing alternative material procured from an alternative supply source. Please be prepared that we may approach you for urgent decision making in this regard.

However, due to the unprecedented supply challenges and raw material shortages, TE must respectfully advise that these circumstances (i) render TE's performance impossible, and (ii) constitute a Force Majeure event under all applicable agreements between TE and its customers and their respective affiliates. As such, TE will not accept responsibility (including the responsibility for financial costs) for any resulting line-down or other supply chain related charges.

The primary TE Industrial & Commercial Transportation Solutions business unit product lines impacted include those set forth on Schedule A. Should you have any questions regarding this notice, please contact your regionally assigned TE Sales & Customer Service Team.

We thank you for your understanding.

Sincerely,

Troy Little
TE Connectivity Corporation
Director Sales and Marketing, ICT
