DESCRIPTION	**2 inch wide Copper Conductive Tape** 2 inch wide Copper Conductive Tape is ideal for EMI Shielding and building ground systems. It is made from copper foil with an acrylic conductive adhesive. This conductive tape is supplied on a paper liner for easy handling and cutting. The copper conductive tape provide a very low rate of electrical resistance. The film is 1.5 mil thick with 1.25 mil of adhesive. Also known as EMI Shielding Tapes. Temperature rating is 266 degrees F.
