ESD 25 & 150

ESD 450 & 1350

T-Bar

## Key Benefits

- In addition to the main bullets on **page 13** the ESD 450 and 1350 models come with T-Bars as standard to assist with higher torque
- ESD models are ideal for safe electronic component assembly as these are **EPA compliant**
- To allow for customisation and clear identification interchangeable coloured end caps are available in packs of four (Order Code: **065800**)
